

Lifetime Roofing Systems

2011 Energy Efficiency Federal Tax Credit

Interlock® Lifetime Roofing System is an “eligible building envelope component” that qualifies for a Federal Tax Credit, as extended in the “Emergency Economic Stabilization Act of 2008”.

Up to \$500.00USD

This Federal Tax Credit is applicable for an Interlock® Lifetime Roofing System which is “placed in service” between January 1, 2006 and December 31, 2011.

The Interlock® Lifetime Roofing System meets the following qualifications, as stated in the Act of 2008:

- i. appropriate pigmented coatings that are specifically and primarily designed to reduce the heat gain of a dwelling unit when installed on the dwelling unit
- ii. meets or exceeds ENERGY STAR program requirements for steep slope roofs > 2:12 (as in effect at the time of installation), as in accordance with IRS Notice 2006-26

The Interlock® Lifetime Roofing System must be installed on the taxpayer’s occupied principal residence, located in the United States.

Show this certificate to your tax preparer. Your credit could be up to 30% of the purchase price of your roofing materials, to a maximum of \$500.00USD.

Manufacturer: Interlock Roofing Ltd
